This is a screen shot of **ERC** after a keyword search (Montessori method) has been entered. The articles were retrieved because they contain the keyword words *Montessori method*.

Definitions:

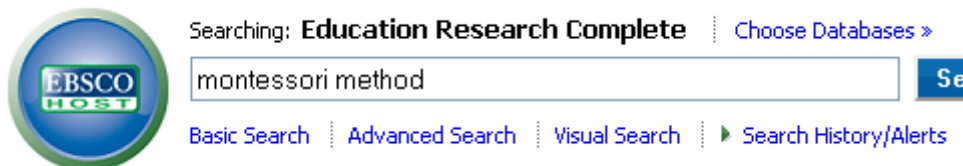

Peer Reviewed: Peer-reviewed articles are typically written by academic experts (professors) with advanced degrees in their respective fields. In order to be published in academic journals, these articles are submitted through a rigorous process of review by other academic experts who determine if the article is appropriate for publication in the journal.

Periodical: Publications that are published periodically (weekly, monthly, biannually, annually, etc.) Some examples include: *New York Times*, *Time Magazine*, *the Economist*, and *Forbes*. Some are scholarly, or peer-reviewed, in nature. Some examples include: *American Literature*, *Aboriginal History*, *Academic Radiology*.

Full Text: Selecting to search for full-text articles allows you to retrieve articles that will give you instant, electronic access to the entire article.

Basics:

A *Keyword Search* lets you search for articles in the database that contain a specific word or phrase.

The search will retrieve articles with the keyword *Montessori Method*.

Below is an image of an article's information after it has been selected:

Title:	School goes <i>Montessori</i> .
Authors:	Gaunt, Catherine
Source:	Nursery World ; 10/23/2008, Vol. 109 Issue 4142, p3-3, 1/3p
Document Type:	Article
Subject Terms:	SCHOOLS MONTESSORI method of education EARLY childhood education MOORE, Debra EDUCATION -- Finance

The page gives the article's **Title**. The **Author** (Catherine Gaunt) is provided. The **Source** provides the name of the publication that the article is in. In this case it is a periodical titled *Nursery World*. Additionally, the **Source** gives the publication date (Sept 10, 2008) and page number (3).

Things to Remember:

You can search for articles with full text by: 1) Checking the full-text box on the first page or by checking the full-text box that is on the right of the results page.

You can make [Interlibrary Loan Requests](#) for articles that are not full-text.
