Health Advisory Committee (2022-2023)

Appointed By: Chair of the Committee

Reports To President

Membership

The Health Advisory Committee shall consist of the Executive Director of the Wellness and Holistic Support, who will serve as chair; dean of the School of Nursing (or designee); vice president for student affairs (or designee); chief of the University Police Department; director of campus recreation; one representative from the Office of Residence Life; one representative from Counseling Services; one representative from the Office of Admissions; the athletic director (or representative from the Department of Physical Education and Exercise Science); four students (appointed by the Exec. Director), and one representative from Montgomery Center for Family Medicine. Other members may be appointed at the discretion of the chair.

Function

The function of the Health Advisory Committee is to promote the health status of the Lander University community, defined as Lander University students, staff, and faculty. The committee will recommend policies and programs concerning the Lander University Student Health Service specifically and Lander University community health matters generally, insofar as these policies and programs do not require the direct outlay of university resources beyond services provided to residential students. These recommendations will be conveyed to university administrative officials through the vice president for student affairs.

Procedures

The committee will each year appoint a subcommittee to plan and organize an annual program of health education presentations and activities for the Lander community. The Director of the Wellness Center will appoint a designee to chair this subcommittee.
