

Academic Program Assessment Report

Assessment is a term commonly used to encompass the process of gathering and using evidence to guide improvements.

SACSCOC requires that an institution "identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of seeking improvement based on analysis of the results".

Be sure to SAVE your progress as you work!

Program Goal

Goal

Goal 1

Program Goals are broad and overarching statements about the skills, knowledge, and dispositions students are expected to gain by the end of their course of study (big picture). They support the Institution's Mission/Goals.

Program Goal

Students demonstrate graduate-level competencies in the field of art.

Pillar of Success Supported

Robust Student Experience

Outcomes

Outcome 1

Outcomes are specific, **measurable** statements that reflect the broader goals.

Academic Programs are required to develop **Student Learning Outcomes**, which describe knowledge, skills, and values that students are expected to gain as a result of their educational experiences.

Academic Programs may also develop **Operational Outcomes**, which describe the level of performance of an operational aspect of a program or office (ex. graduation rates, retention, employment data).

Most goals have at least two outcomes measured.

What type of Outcome would you like to add?

Student Learning Outcome

Enter Outcome

Student competencies in concept development, craftsmanship and aesthetic decisions demonstrated in production of process or thematic portfolio in 500-800 level courses

Timeframe for this Outcome

2023-2024

Performance Target for "Met"

90.0% or more of 500-800 level student process-folios demonstrate progression of ideas related to formal and conceptual development, media skillfully applied to support the concept, and aesthetic decisions are supportive to concept, justified with reasons.

Performance Target for "Partially Met"

80.0% - 89.9% of 500-800 level student process-folios demonstrate progression of ideas related to formal and conceptual development, media skillfully applied to support the concept, and aesthetic decisions are supportive to concept, justified with reasons.

Performance Target for "Not Met"

Less than 80.0% of 500-800 level student process-folios demonstrate progression of ideas related to formal and conceptual development, media skillfully applied to support the concept, and aesthetic decisions are supportive to concept, justified with reasons.

Assessment Measure Used

Portfolio rubric reviewed by graduate studio faculty members. Student must score 6 or higher.

Frequency of Assessment

Annually

Data Collected for this Timeframe (Results)

3 MAT students completed an in-progress review at the end of their second semester of coursework. All three students received 6s indicating that they have met the outcome.

Score (Met=3, Partially Met=2, Not Met=1)

3

Comments/Narrative

All three MAT graduates have acquired jobs teaching at schools within the state of SC. The end of semester review is a benchmark that indicates the extent to which a student is on track to complete acceptable artwork for their MAT exhibition.

Resources Needed to Meet/Sustain Results

MAT students need dedicated studio space on campus to be able to complete artwork at an acceptable level.

Explanation of How Resources Will Be Used

Goal Summary

Goal Summary/Comments

All three students completed their MAT degrees successfully and have secured teaching jobs in the state

Changes Made/Proposed Related to Goal

A new goal would be to enable students to pass the Praxis exams on the first go. This can be achieved by asking studio faculty to use relevant art-related terms and vocabulary in their classes, which also includes Art History courses. Study materials are free for students to access via Study.com, which is specific to the Praxis exam study prep.

Upload Rubrics/Other Files

Goal 2

Program Goals are broad and overarching statements about the skills, knowledge, and dispositions students are expected to gain by the end of their course of study (big picture). They support the Institution's Mission/Goals.

Program Goal

MAT candidates understand critical analysis of artwork and can communicate professionally about their own and other art work.

Pillar of Success Supported

Robust Student Experience

Outcomes

Outcome 1

Outcomes are specific, **measurable** statements that reflect the broader goals.

Academic Programs are required to develop **Student Learning Outcomes**, which describe knowledge, skills, and values that students are expected to gain as a result of their educational experiences.

Academic Programs may also develop **Operational Outcomes**, which describe the level of performance of an operational aspect of a program or office (ex. graduation rates, retention, employment data).

Most goals have at least two outcomes measured.

What type of Outcome would you like to add?

Student Learning Outcome

Enter Outcome

MAT Candidates provide a presentation and defense of studio artwork to professionals in the field of art, art education, and education.

Timeframe for this Outcome

Academic year 2023-2024

Performance Target for "Met"

MAT candidate presentation and defense score 6 points or more on a rubric which reviews teaching, studio practice, professionalism and articulation.

Performance Target for "Partially Met"

MAT candidate presentation and defense score 4 - 5 points on a rubric which reviews teaching, studio practice, professionalism and articulation.

Performance Target for "Not Met"

MAT candidate presentation and defense score 3 points or less on a rubric which reviews teaching, studio practice, professionalism and articulation.

Assessment Measure Used

Frequency of Assessment

Presentation and defense reviewed by art, art education, and education professionals using a detailed rubric.

Comments/Narrative

Recruiting efforts are ongoing to increase enrollment in the MAT program. Several of our BFA students are on the BFA/MAT track. Looking to the future, the dean and I agree that the BA should be the foundational degree towards the MAT. Currently, we're breaking SACSCOC rules by allowing undergraduate students to take graduate classes, which in some cases is causing an overage in the

credit numbers allowed for their senior year.
