

### Measure 3: Candidate Competency at Program Completion (Sept. 2024-Aug. 2025)

In the previous annual report for 2023-2024, the EPP used the Title II Report for this measure. However, at the time of this submission, the Title II Report for 2024-2025 has not been completed. We have instead included overall numbers of candidates in each major area and numbers of passed Praxis II and PLT tests for 2024-2025 in the table below to show proof of this measure being met.

#### Praxis II

Teacher Education majors must take and pass their respective subject-area's Praxis II exam in order to gain their teacher certification status from the SC Department of Education. Not all completers choose to pursue certification. Below are the 2024-2025 Praxis II exam results based on data pulled from ETS.org and the SDE Educator Portal.

Major Area	Number of Completers	Number Passing Praxis II	Passing Percentage
Early Childhood	22	22	100%
