

A Recommendation: How Do I Interpret my ENGL 190 Placement Results?

As you look over this recommendation and your ENGL 190 Placement results, also think about your confidence level; this course is designed to also build writing confidence.

If you have specific questions, you may ask your advisor or the Writing Center Director, Brittany Cuenin (bcuenin@lander.edu).

Recommendation:

If you chose mostly: (in NONE or in few of my assignments)

If your experience and confidence levels were rated lower, then English 190 would BE BENEFICIAL for you. There is no assigned coursework, but the class helps explain and work on current writing assignments. *Consider registering for this course.*

If you chose mostly: (in SOME of my assignments)

If your experience and confidence levels rated in the middle range, then you may WANT TO CONSIDER English 190. College writing assignments are different than high school assignments, and the class is built to fill in the gap between those. *If interested, consider registering for this course.*

If you chose mostly: (in ALL of my assignments)

If your experience and confidence levels rated in the higher range, then you may not require English 190. However, keep in mind that academic writing in university courses is different than high school. The class also builds community and engagement which can benefit any student. *Talk to your advisor if you are still interested in this course.*

If you have any other questions, go to our Testing Information:

<https://www.lander.edu/academics/academic-success/academic-success-center/testing>, or please contact Melody Johnson, Administrative Specialist for the Dept. of English & Foreign Languages at mjohnson@lander.edu.

Why ENGL 190, Writing and Inquiry Workshop?

Still don't know if ENGL 190 is right for you? Contact Writing Center Director, Brittany Cuenin (bcuenin@lander.edu), ask your advisor, or see the graphic below for more details!
