2023-2024 Student Authorization Declining Pell Grant

Student's Last Name	First Name	MI	Lander ID (L#)
---------------------	------------	----	----------------

You received a Pell Grant at Lander University for the current aid year because you began attendance in classes as a degree-seeking student here. However, we see that you have applied for a Pell Grant for the same term at another institution. **Because a student cannot receive Federal Pell Grant funds at two schools simultaneously, the student can decline Pell at one institution and choose to receive it at another institution.** A student may wish to take this action if the student expects to qualify for a larger Pell Grant as a result of an expected transfer to a more expensive educational institution. If not, the Pell will be rejected **for both** schools as a Multiple Reporting Record (MRR) in the Common Origination and Disbursement (COD) System by the U.S. Department of Education. **A student must deliver to the school a signed, written statement clearly indicating that the student is declining Pell Grant funds**

If you would like to take this option, please review the authorization below and return it to the Financial Aid Office. You can review your financial aid and billing information on the Bearcat Web at www.lander.edu/bearcatweb.

_____ I wish to decline the Pell Grant I received at Lander University and understand that these funds may not be available to me at Lander once the award year is over. I understand by declining the Pell Grant, I may have resulting balance due to Lander University and will pay the balance in full.
