AGREEMENTS AND PERMISSION

Please read the following statement carefully and sign the designated line. If any signature is missing, the student will not be accepted into Dual Enrollment courses at Lander University until all signatures have been collected.

We are requesting permission for this student to pursue Dual/Concurrent Enrollment at Lander University. The grade earned in these courses will become part of both this student's high school and college transcripts. I understand that the student will be required to buy textbooks and supplies for these courses, as well as meet all deadlines for registration and tuition payment. The student gives the high school permission to release test scores, transcripts, and immunization records to Lander University. The student gives Lander University permission to share information with the high school and the student's guardian while the student is enrolled in Dual Enrollment. To the best of my knowledge, all the aforementioned information is true and complete.
