

Sample Degree Evaluation

This section lists the student's general program information.

Catalog Term determines which catalog requirements are used in generating the evaluation.

Evaluation Term determines the student's program

Expected Graduation Date may or may not be populated.

Request Number indicates the number of the evaluation you are viewing and the total number of evaluations generated.

Results as of indicates the date the evaluation was generated.

Student Details

Name : John Harold Doe
ID : L 99999999

Program Description

Program : Cptr Info Syst, BS-Softw Dev
Campus :
College :
Degree: Bachelor of Science
Level : Undergraduate
Majors : Computer Information Systems
Departments : Math & Computing

Catalog Term : Spring 2007
Evaluation Term : Fall 2010
Expected Graduation Date :
Request Number : 20
Results as of : Mar 11, 2010
Minors : Electronic Art

Yes	125.00	130.00		41
Yes	32.00	113.00		36
Yes	2.00	2.82		

Credits section lists program and university requirements.

Met (Yes or No) indicates whether the requirements have been met.

Program Evaluation:

Total Required indicates the overall number of hours required for the degree (e.g., 121 or higher).

Required Institutional indicates the number of credits that must be completed at LU (e.g. 31 or higher)

Required GPA indicates the minimum institutional grade point average required for degree completion (e.g. 2.00 or higher).

Detailed Area Requirements: Areas are the building blocks for programs in the degree evaluation system. Each of the components that comprise a degree program should form an area (major, general education, university requirement, electives and upper level requirement, etc.) Each of these areas contains the detail course requirements.

Met indicates whether all requirements have been fulfilled. It will be populated with "Yes" when all requirements have been met.

Credits Required will indicate an area GPA or course hour requirement
Credits Used will always show the area GPA of the courses used. It will only show the course hours if a requirement exists.
Courses Required will indicate a requirement of a specific number of courses.
Courses Used will show the number of courses used if a requirement exists.

COURSES NOT USED are those with an incomplete grade (until grade is posted), failing grades, repeated courses and course in which no credit was received. While this section does show credits for each course, it is the credit of the course only, not the credit that the student received.

COURSE ATTRIBUTES NOT USED will show courses that may or may not have been used but were not used based on their course attribute.

1. **Met** – indicates whether a requirement is ‘Met’ or ‘Not Met’.
2. **Condition** – a logic statement that will appear as ‘AND’ or ‘OR’ or blank. If it is blank and has an ‘AND’ in front, it is a required element. An ‘OR’ indicates an option.
3. **Rule** – indicates a requirement that includes several choices.
4. **Subject** – the subject code of the required course. If a rule is used, the description of the rule appears instead.
5. **Attribute** – some requirements will look for course attribute codes that are attached to courses. If one of those attributes is a requirement, it will appear in the column.
6. **Low** – the course number of the required course.
7. **High** – the highest level course number acceptable (not used – a Rule is created instead).
8. **Required Credits** – lists the number of credit hours required for the course (not used).
9. **Required Courses** – lists the number of course required (not used).
10. **Term** – lists the Banner term that the course is being taken or was taken. (e.g., 200810 - Fall 2007; 200820 - Spring 2008; 200830 - Summer 2008.)
11. **Subject** – lists the subject code of the course that fulfilled the requirement.
12. **Course** – lists the course number for course(s) that fulfilled the requirement.
13. **Title** – lists the title of the course that fulfilled the requirement.
14. **Attribute** – list the attribute of the course that fulfilled the requirement (if required).
15. **Credits** – lists the credit hours of the course that fulfilled the requirement.
16. **Grade** – lists the grade earned in the course that met the requirement.
17. **Source** – indicates system location or reason of the course that met the requirement.
 - **H** – Academic History (course completed at LU)
 - **T** – Transfer Articulation (transfer course)
 - **R** – Registration (course is in-progress or registered for in a future term)
 - **Z** – Test/Exam Score
 - **P** – Waiver petition was submitted and approved
18. **Course Substitutions** – the substituted course will appear versus the required course.
