### General comments

Total Respondents (For this Question): 159

**Survey Results**

http://digest.lander.edu/survey/ResultsOverview.aspx?SurveyID=86...
Quality Enhancement Plan Survey

Response: 159
Launched Date: 01/26/2015
Closed Date: 02/14/2015

5. Topic (Unlimited)
   1. Apply for positions, communicating skills
   2. n/a
   3. Skills on how to survey in the work force after college
   4. Collaborative School Activities
   5. Add more extra-curriculum/sports and do more to promote school pride/sport attendance
   6. Actually consider the student/professor surveys, remove those with consistently negative surveys
   7. Make interactive course work on top of lecturing
   8. Visual Arts; Art History
   9. I believe they should provide us with iPads for our classes.
   10. Experience in the real world
   11. Logic
   12. a debate class about big topics today
   13. Community involvement with Lander students, and more activities

6. General comments
I'm an exercise science major with an emphasis in physical therapy and I love Lander's BES program but I had to get an A in a physical therapist certification program. I'm required to take general biology and chemistry because I plan on applying to medical school. I like the biology and chemistry but I didn't understand the concepts so I had to take Anatomy and Physiology separately for my degree program because of the PT emphasis. I'm delayed a year because I needed for the exercise science program. I was stressed before registration and I would like to have more time to apply for the degree program. Things like this make it extremely difficult to still want to pursue my degree because I don't feel like they care about my students.

2. Lander is an amazing school
I think the career center is very helpful. It would be nice to have a career center where people can go to get advice and help. I wish I would have met with them earlier than I did.

Lander needs to do a better job at encouraging students to think about learning as a goal unto itself, and to seek out opportunities to engage in learning with others. I think students need to be encouraged to engage in discussions and discussions. I also think that we need to stay open to the idea of what is the right thing to do. There are some people who live very hard and I think that there is a place where they can get work accomplished, or I think that it should be more access to students.

5. Lander has small classroom sizes and the professors really seem to care about our students.
We need to do a better job at encouraging students to think about learning as a goal unto itself, and to seek out opportunities to engage in learning with others. I think students need to be encouraged to engage in discussions and discussions. I also think that we need to stay open to the idea of what is the right thing to do. There are some people who live very hard and I think that there is a place where they can get work accomplished, or I think that it should be more access to students.

7. More parking areas available to commuter students would be very nice
As a commuter student, I feel unwelcome and wanted at my own school. I feel that I am just a number. I am very involved in my former community and I miss that. However, I can't tell if this is more than one internship. N/A

9. All students if they were, first of required to engage in an internship, and second of all we need to engage N/A

12. N/A

13. ASL needs to be taught at Lander for Language and Education classes.
It should be easier to gain information about things like extracurricular activities, going on trips, and organizations and clubs within the program. It's something that we need to do again.

14. ASL needs to be taught at Lander for Language and Education classes.
It should be easier to gain information about things like extracurricular activities, going on trips, and organizations and clubs within the program. It's something that we need to do again.
