Statistical Information/Criminal Offenses

This refers to how the annual security report is prepared. Include a brief description explaining the purpose of the report, who prepares it and how and from what sources the crime statistics are collected.

The University Police prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at www.lander.edu. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, Housing and Residential Services, the Judicial Affairs Office, and the Division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the Lander University Police, designated campus officials (including but not limited to directors, deans, department heads, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. Department of Counseling and Health Services staff inform their clients of the procedures to report crime to the University Police on a voluntary basis, should they feel it is in the best interest of the client.

Each year, an e-mail notification is made to all enrolled students and to Faculty and staff that provides the web site to access this report. Copies of the report may also be obtained at the University Police Department located at Genesis Hall Building. All prospective employees may go to our web site at www.lander.edu.

Safety on the University campus is a natural source of concern for parents, students and University employees. Education, the business of Lander University, can take place only in an environment in which each student and employee feels safe and secure. Lander University recognizes this and employs a number of security measures to protect the members of its community. Lander University is in an area that has a relatively low crime rate, but no campus is totally isolated from crime. Consequently, crime remains a high priority.

WELCOME TO LANDER UNIVERSITY!

A MESSAGE FROM THE DIRECTOR

Welcome to Lander University Police Department's website. Through this site you will be able to learn about our mission, our staff, and the many services that we provide to the University community of Lander. You will also find important information about campus safety and crime statistic information compiled by our department.

Lander University is a community of more than 3,800 on a beautiful historic campus in Greenwood, South Carolina. Living and working in a tranquil environment such as Lander sometimes causes us to forget that crime and other problems can plague us, just as they do other communities.

The University Police Department works with the community to create a reasonably safe campus. Crime prevention, risk identification, and problem solving are the responsibilities of everyone. We ask you to join us in these efforts by referring to our web-site for safety and security information.

The University Police Department is the primary Department at the University charged with creating a safe and secure environment. This task, however, is not one we can accomplish alone. Information and awareness are important components of Crime Prevention and Safety. Communication is critical while striving to create this Partnership. Your cooperation in reporting crimes or suspicious activities will enhance our effort to provide a safe education environment.

In compliance with Federal law, the Lander University Police Department makes available Crime Statistics and Daily Logs.

We hope you find this report informative and helpful and that your visit or stay at Lander will be enjoyable and safe. If you have questions or would like further information about safety and security at Lander University, please visit us at www.lander.edu or contact us at (1-864-388-8222).

Sincerely,
Eddie Briggs
Lander University Police Chief

LANDER UNIVERSITY POLICE DEPARTMENT

Officers work closely with the Greenwood Sheriff Department and the Greenwood Police Departments, and local contingent of the State Law Enforcement Division (SLED), to handle any incidents that occur off-campus or on-campus.

The University Police Department and the Division of Student Affairs ensure that safety and security policies and procedures are uniformly executed and conveyed in a clear and consistent manner to the student body.

Officers patrol the campus 24 hours a day by motor vehicle, Segway, golf cart, and on foot. Officers are in radio communication with each other and the Department.

The Communications center is manned 24 hours a day, every day. The communications center is responsible for taking telephone requests for service, dispatching officers, and monitoring alarm and video systems. All personnel may be reached at the University Police Department by calling 864-388-8222 (non-emergencies), or 864-388-8911 from a cellular phone (emergencies). ACCESS TO CAMPUS FACILITIES

During academic semesters, academic buildings at the University are open for access by students, faculty, staff, and visitors between 7am and 11pm, Monday through Friday. Outside doors are locked at other times, although faculty and staff who work in a building may be given keys. The University encourages an open environment with limited constraints to ensure the reasonable protection of all member of the community.

Lander University is committed to campus safety and security. Landscape and exterior lighting control is a critical part of that commitment. Representatives from various department and member of the student body conduct safety walk on campus during the fall and spring checking the exterior lighting and the landscape to see if more lighting is need on the campus.

The University Police conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officer will initiate an immediate work order, which is acted upon by a representative of the Physical Plant.

We encourage community member to report any lighting problem to the Physical Plant at 388-8200. Any community member who has a concern about security should contact the department at 388-8222. The Physical Plant has a locksmith assigned to work and to identify inoperative locking mechanism and a maintenance staff that are available to respond to calls 24 hours a day for regarding unsafe facility condition or personal safety and property protection.

STUDENT RESIDENCE HALL SAFETY

Maintaining a safe living environment is one of the fundamental missions of the Department of University Housing. Residence hall entrances are equipped with either a keyed access entry system or Card access. As a safety measure, all outside doors to the residence halls are locked at all times.

Centennial Hall and Chipley Hall are staffed by Residence Hall Monitor from 12:00 A.M. to 12:00 p.m. whenever these facilities are in use. Students entering the residence halls during these times will be subject to having their ID cards checked and all guests will be required to sign in and to identify the students whom they are visiting. Room keys control access to the residents' rooms and apartments.

Many exterior doors are equipped with alarms and/or security cameras that are monitored 24 hours per day by University Police dispatcher and resident hall monitors. Finally, the University Police Officers conduct night walking patrols of all residence hall communities.

In addition to the above measures, it is essential that the University Police have the support and cooperation of all residents to maximize individual and community safety and security. Residents must never prop open doors or let unauthorized persons enter the buildings. Residents should always lock their room doors, and report suspicious persons or activities noted in or around their buildings. Student who is locked out of their rooms may call University Police (8222) for assistance. University Police will assist students in unlocking their room as a courtesy, one time only. Thereafter, there will be a \$5.00 charge for unlocking doors and the Housing Office will be notified. Student will be asked to identify themselves before a room is unlocked.

Off Campus Safety

When a crime has been committed at an off-campus location of a recognized student organization it should be reported to local law enforcement agencies. The University Police Department does not work off campus crimes, but works with the local law enforcement agency, which will conduct the investigation; to obtain information about any incident as soon as possible after it has occurred. Victims of criminal acts may obtain a copy of the police incident report from the agency of jurisdiction. The Office of Student Affairs handles student violations of conduct regulations that occur off campus.

A LEGISLATIVE HISTORY OF THE CLERY ACT

The Student Right to Know and Campus Security Act (Public Law 101-542) was signed into law by President Bush in 1990 and went into effect on Sept. 1, 1991. Title II of this act is known as the Crime Awareness and Campus Security Act of 1990. This act amends the Higher Education Act of 1965 (HEA) by adding campus crime statistics for the most recent three years, as well as disclosure of the institution's current security policies. Institutions are also required to issue timely warnings when necessary. All public and private Title IV eligible institutions must comply with the requirements of this act which is enforced by the U.S. Department of Education (ED).

Background to the Clery Act

In 1986 Jeanne Clery, a freshman at Lehigh University, was murdered and sexually assaulted in her campus residence hall room.

Her school hadn't informed students about 38 violent crimes on campus in the three years preceding her murder.

This law was amended when Congress enacted the Campus Sexual Assault Victim's Bill of Rights as part of the Higher Education Amendments of 1992. (Public Law 102-325, Section 486 (C), giving victims of sexual assault on campus certain basic rights. In addition, institutions are required to develop and distribute a policy statement concerning their campus sexual assault programs targeting the prevention of sex offenses. This statement must also address the procedures to be followed if a sex offense occurs.

The most recent version of this law was passed as part of the Higher Education Amendments Act of 1998 (Section 486 (e) of Public Law 105-244). The official title under this act is the Jeanne Celery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 U.S.C. 1092 (f)). On Nov. 1,

1999, ED issued the final regulations which went into effect on July 1, 2000. The amendments require ED to collect, analyze, and report to Congress on the incidences of crime on college campuses. The amendments also expand the requirement of the Student Right to Know and Campus Security Act of 1990 that all institutions of higher education participating in the federal student aid programs must disclose to students, faculty, staff, and, upon request, prospective students and information regarding the incidence of crimes on campus as part of their campus security report.

The 1998 amendments made several changes to the disclosure requirements. Among these changes were the addition of two crimes (Arson and Negligent Manslaughter) and three locations (residence halls, non-campus buildings or property not geographically contiguous to the campus, and public property immediately adjacent to a facility that is owned or operated by the institution for education purposes) that schools must include in the reported statistics. Institutions that have a campus police or security department are required to maintain a daily crime log that is available to the public.

The Celery Act was further amended in October 2000 by the Campus Sex Crimes Prevention Act (Section 1601 of Public Law 106-386). The changes went into effect on Oct. 28, 2002. Beginning in 2003, institutions are required to notify the campus community where law enforcement agency information provided by a state concerning registered sex offenders who are on campus may be obtained.

The text for the regulations, as well as Section 668.41, Reporting and Disclosure of Information, are included in this appendix.

THE CAMPUS SECURITY ACT

DAILY CRIME LOG

The University Police Department maintains a Daily Crime Log that records, by the date the incident was reported, all crimes and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the department's patrol jurisdiction.

The daily crime log is available for public inspection at the department's headquarters. The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if this information is known at the time the log is created.

The department posts specific incidents in the Daily Crime Log within two business days of receiving a report of an incident and reserves the right to exclude reports from the log in certain circumstances.

The Lander/Alert system includes the following communication options: text message, email, and an outdoor siren system. In considering the safety of the campus community, Lander officials (described below) will determine the content of the notification system and initiate the Lander/Alert system unless the notification will, in the professional judgment of responsible authorities, compromise the efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Community members, upon receiving a notice of an alert, should seek additional information primarily from Lander University Emergency Webpage at www.lander.edu and take actions to protect themselves and to alert others. ; publicize emergency response and evacuation procedures on an annual basis in a manner designed to reach student and staff; and test emergency response and evacuation procedures on an annual basic:

Lander University does not discriminate on the basis of sex in its educational programs, and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited, whether sexually based or not, and include dating violence, domestic violence, and stalking. As a result, Lander University issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a University official. In this context, Lander University prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the University community. [Click here for information on Lander University's Harassment & Discrimination Policy](#)

Sex offenses – Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- Rape — the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling — The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest — Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape — Non-forcible sexual intercourse with a person who is under the statutory age of consent.

LUPD offers programs and resources to promote the prevention of dating violence, domestic violence, and stalking. The crime statistics for these offenses are separated by categories of type. The number for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this are the addition of simple assault, intimidation, and any other crime that involves bodily injury that is not already included in the required reporting categories.

If dating violence, domestic violence, or a stalking-related crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistics be reported separately even though there is no requirement to report the crime classification in any other area of the compliance document.

Note: A dating violence, domestic violence, or a stalking-related crime is not a separate, distinct crime, but is the commission of a criminal offense that involved the additional classification. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender is dating the victim because of his/her relationship with the victim, the assault is then also classified as dating violence.

1. Dating violence — violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

2. Domestic violence — a felony or misdemeanor crime of violence committed:
 - By a current or former spouse or intimate partner of the victim
 - By a person with whom the victim shares a child in common
 - By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner
 - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred
 - By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

3. Stalking — engaging in a course of conduct directed at a specific person that would cause a reasonable person to any of the following:
 - Fear for the person's safety or the safety of others
 - Suffer substantial emotional distress

2014: Four VAWA Crimes (Dating Violence, Domestic Violence and Stalking Crimes) Reported

CRIME PREVENTION

The active cooperation and participation of all our community is essential in order to successfully combat crime is to quickly report anything that appears suspicious. One of the most effective action anyone can take to prevent crime is to quickly report that appears suspicious. Reports can be made to the University Police Department or to any Campus Security Authority.

Through a cooperative effort between the University Police, Residence Life and Counseling Services, programs such as the following are available throughout the school year.

- Personal Safety and Security
- Rape Prevention and Response
- Date Rape Drugs Awareness
- Substance Abuse Programs
- Sexual Assault and Sexual Assault Awareness
- Spring Break Luau with Travel Safety
- Boo Bar Alcohol Awareness
- Domestic Violence Awareness
- Self-Defense Classes
- Resistance to Burglary, Larceny and Vandalism

Resident assistants are encouraged to offer programs throughout the year to students in their area on varying personal safety topics.

In addition to programming effort throughout the year, the University Participates in the National Collegiate Alcohol Awareness Week, a week devoted specifically to alcohol and substance abuse prevention. Through this awareness program, members of the University community learn more about the University's efforts to enhance their safety and become aware of their own personal stake in their own security and that of others.

Housing Tips on Campus

Lander University Police encourages everyone to be responsible for their own security and the security of others. Simple, common sense precautions are the most effective means of maintaining personal security. Some examples of these precautions include:

- Students (male or female) walking across campus or to parking lots at night should consider dialing 8222 to use the University Police escort services, particularly if they feel something is “not right.”
- Students living in residence halls should keep their room doors locked at all times and should never prop open room or external doors.
- Residents of the residence halls are expected to escort their guests at all times.
- Any harassing or obscene phone calls should be reported to the University Police Department at once.
- Cars should be locked and parked in well-lighted areas with all valuable items removed or locked in the trunk.
- Students and employees should notify the University Police or University Housing staff of any individual present in a building or on campus who appears to have no legitimate business there, or who arouses suspicion in any way

Although on-campus housing is often your best bet as far as safety and security are concerned, many students prefer to find off-campus housing. When looking into rental properties there are a few very basic safety features and policies which you should consider before signing a lease.

- Doors should be made of metal or solid wood construction. Good deadbolt locks and peepholes are also a must.
- Make sure the management changes locks or permits the tenant to change them when moving in.
- Sliding glass doors should be secured with pins through the frame or have a “Charlie bar” locking device.
- Apartments located on the second floor, or higher, are safer. Being on the ground floor makes entry through windows easy. Ground floor windows should be secured with pins through the frame or key lock latches.
- Hallways and stairwells should be well lit at night. Mirrors to help you see around hallway corners are also important.
- Bushes and shrubbery should be well maintained and cut back below window height to reduce the risk of attackers hiding in them.
- Is access to the complex limited to residents and guests?
- Is there on-site security? Is there a neighborhood watch program?
- Have there been any burglaries in the complex, and if so, how did the burglars gain entry?
- Ask management about the availability of extra keys to your apartment. If there are extra keys, ask how they are secured and who has access to them.
- Ensure parking areas are well lit at night and afford a clear line of sight to your apartment door
- Ask management if they have a policy against installing intrusion alarms in individual apartments. If not, installation of a simple alarm system might be a good option for additional security at a relatively low expense.

Keep in mind that looks can be deceiving. Just because a complex is new does not mean that it is safe. Look closely at the apartments you are considering. If they don't have the majority of the safety features listed above you should probably keep looking. When it comes to your safety you should not compromise.

LANDER UNIVERSITY ALCOHOL / DRUG POLICY

Alcoholic beverages are not allowed in any Lander University residence halls or public campus areas without specific permission from the university administration. "Public" is defined as areas that are readily accessible to students, faculty, staff and guests on campus. The serving of alcoholic beverages during any selected special events must be pre-approved by the appropriate university officials and adhere to federal, state and local laws regarding the sale, distribution, possession and consumption of alcohol. Possession and consumption of beer, wine and distilled spirits is prohibited with the exception of approval on a per event basis. Applications for approval of these events are made through the office of the vice president for Student Affairs, and must be made at least two weeks in advance in order to secure the appropriate approval. Only students 21 years of age or more will be permitted to possess or consume beer, wine or distilled spirits at approved events.

Because of the danger of drug abuse, Lander University does not condone drug use. The possession of stimulants depressants, narcotics or hallucinogenic drug and other agents having potential for mental or physical abuse is prohibited, as is the selling, bartering, exchanging and giving away of such drugs to any person not indented to possess them. SEXUAL ASSAULT POLICY

Lander University will impose sanction on individuals who commit sexual assault. In cases involving a student, a temporary (immediate) suspension may be imposed, which means the accused cannot attend classes until an administrative hearing is held. In other cases the accused may be permitted to attend classes pending a final recommendation from the vice-president for Student Affairs. Among other sanction that may be imposed are the following: admonition, censure probation and the restriction of privilege, suspension, expulsion and eviction from

university housing. Both the accuser and the accused will be informed of the outcome of any institution disciplinary proceeding brought alleging a sex offense.

“Sexual assault” is defined as rape or any actual or attempted nonconsensual or forcible sexual touching, including fondling, kissing, groping, attempted intercourse (whether oral, anal or vaginal), penetration or attempted penetration with a digit or any other object. Code of Laws section 16-3-651, “sexual battery” is defined as “sexual intercourse, cunnilingus, fellatio, anal intercourse or any intrusion, however slight, of any part of a person’s body or of any object into the genital or anal openings of another person’s body, except when such intrusion is accomplished for medically recognized treatment or diagnostic purposes.” Nonconsensual sexual assault includes those situations in which the victim is unable to consent.

“Rape” is defined as vaginal, anal or oral intercourse without consent, whether the victim is overcome by force, fear, intimidation resulting from threat of force, drugs administered without consent or when the victim is otherwise unable to consent.

Consent requires speech or conduct indicating a freely given agreement to have intercourse or participate in sexual activities. Previous sexual relationships, current relationships with the perpetrator or the use of alcohol and/or drugs may not be taken as an indication of consent. Use of alcohol and/or drugs by the perpetrator is not an excuse for violation of the sexual assault policy.

The term “unable to consent” means being unable to understand the circumstances and implications of the sexual advances; unable to make a reasoned decision concerning the sexual advances; or unable to communicate that decision in an unambiguous manner. Such a situation can result from illness, the influence of alcohol or some other substance, physical or psychological disabilities, unconsciousness or some other cause.

- We will consider your case seriously.

PREVENTING SEXUAL ASSAULT

Most rapes and sexual assaults are committed by acquaintances. The following are general suggestions for reducing your risk of sexual assault. Be Assertive, Direct and Clear.

Be direct about reaching an understanding with a friend or date. Don't assume an earlier understanding still holds. Knowing someone, even intimately, is no defense against a charge of sexual assault. Sex without consent is rape, whether the coercion used is physical or emotional. Non-stranger rape is a criminal offense.

Don't accept a ride from someone you have just met, no matter how nice he seems. Remember that alcohol and drugs impair not only your judgment but also your ability to make that judgment clear to someone else. And if you are socializing with a group that is using alcohol or drugs, their judgment, and their ability to understand you, will also be impaired. On college campuses across the country, alcohol or drugs play a major role in 79 percent of sexual assault incidents.

Be Informed

The South Carolina Law Enforcement Division (SLED) is required to act as the repository for the registration information concerning those persons convicted of a sex crime who reside within the state of South Carolina. The South Carolina Sex Offender Registry is available online at <http://services.sled.sc.gov/sor/>.

The University Police Department offers free programs on personal safety for women. They emphasize alertness, prevention, and preparation. Call the University Police Department at (864) 388-8222 or extension 8222.

WHEN A SEXUAL ASSUALT OCCURS

An off-campus assault should be reported to the local law enforcement authorities by dialing 911. If you are sexually assaulted on campus, report it to the University Police at 8222 or extension 8911 immediately. Calling the police does not commit you to pressing charges against the assailant. That choice can be made later.

Because it is important to preserve as much physical evidence, do not bathe, douche, or change clothes. Call 911 or 8911 immediately for further instructions. The operator will ask questions to help determine if you need emergency medical care for physical injuries and will arrange transportation to either a local hospital emergency center. A sexual assault nurse examiner with special training in working with sexual assault victims will perform an evidence collection exam. This exam must be performed within 72 hours of the assault. The nurse will discuss pregnancy prevention, and the prevention of sexually transmitted infections. She will also provide information about follow-up testing for pregnancy and sexually transmitted infections, including HIV.

Lander University completed the installation of a modern fire alarm system at the Bearcat Village Apartments in the summer of 2011. The University has developed a campus master plan which calls for the construction of a new 200-400 bed residence hall. Once this building is constructed several of the housing units without fire sprinklers will be renovated or demolished.
